

Thank you to the Community of Castor!

As I move into a new season of my life, I go with millions of memories. I have come to realize just how fortunate I have been to have worked in such a wonderful community. It has been a privilege to work with the many co-workers, Councils, and volunteers over the years.

The success of a Community doesn't just lie with those that run it, but also with those that live and work in it.

I am grateful for all the support I have received over the years in my roles at the Town Office. I look forward to enjoying many more years as a member of this lovely community that I have always called home.

To my Council and staff – thank you for honoring me with a spectacular day last Friday. Thank you to those that attended the open house and to everyone who sent cards, gifts, and well wishes – I truly appreciate it!

Finally, to my family – words can't express my gratitude for the countless hours of support over the years!

Castor is an amazing Community!
